The School of Art is located in the heart of downtown Lake Mary. Our newly remodeled classrooms occupy more than 2000 square feet. The school was founded in 2001 by Stella Tagliavore in the spirit of bringing arts to our community. Our goal is to provide art education to children and adults of all ages. Students are taught in a hands-on learning environment. Students learn how to draw, paint, cartoon, design, sculpt, cook, and sew. Our founder Stella Tagliavore is an accomplished educator and artist. She taught all subjects at Page Private Schools for 20 years. She believes when students are given the opportunities to develop their artistic skills and talents, can become better problem solvers in life. Our after school program provides art classes as well as homework study groups. We are committed to teach, guide and help our students improve and develop their study skills and artistic talents.
